

# ELLE beauty TREAT LIST 2017

## BEST BRIGHTENING FACIAL

### **Bella Skin Care 360° Illuminator Treatment**

Have dull, imbalanced, UV damaged skin? This facial is your answer. It's an advanced treatment targeting various skin concerns and is power-packed with antioxidants, vitamins and minerals to whiten, protect and soothe skin so you look more radiant after just one session.

The skincare treatment has multiple skin benefits thanks to Bella's specially formulated skincare. It infuses skin with effective lightening ingredients to get rid of pigmentation spots and leave the complexion clear and flawless, it also offers antioxidant protection from further UV damage and photo-damage. The treatment ends off with the application of products with soothing properties to calm irritation, minimising sensitivity so that skin becomes healthy and balanced.

The result? Skin that appears bright, radiant and youthful.
